

ATLÉTICO DALLAS YOUTH

SELECT SOCCER
2026/27

**Growing players to develop
a life-long passion for the game**

ATLÉTICO DALLAS YOUTH IS A PREMIER LEVEL SOCCER CLUB BASED IN NORTH TEXAS

We are a community of coaches and leaders promoting effective player development for serious, skilled, and dedicated soccer players.

COACHES PLAYERS COMMUNITY

OUR VISION

+To build a leading, sustainable development model to grow the number of players that develop a life-long passion for the game by providing enhanced opportunities for all players regardless of age or ability.

WE BELIEVE

- + Players thrive when surrounded by Coaches who love to teach and friends who love to play the game.
- + Coaches thrive when clubs are united in their support, cultivating in them a passion for teaching the game.
- + Clubs thrive when transparency exists between parents, coaches, and administrators.

OUR MISSION

+To help all players, regardless of their background, age, or level of play to achieve their fullest potential and develop a life-long passion for the game. By organizing community members to promote the sport of soccer, and by attracting community members to promote the sport of soccer, and by attracting top coaches and making them long-term partners, our goal is to build a Coach + Community environment of learning through dedication and teamwork. We understand that our responsibility is to educate and guide future leaders. We measure true success not just by wins and losses but through the growth and development of the people throughout the organization.

COACHES
PLAYERS
COMMUNITY

OUR STRATEGY

+To create a comprehensive system for both player and team development. By establishing coaches in age-appropriate player progression cycles, we maximize the strengths and talents of each coach at a particular stage of player development.

56 teams enter, 36 teams qualify
- ECNL RL-NTX, USYS National League - Frontier Conference, & NPL Leagues (National Platform Leagues)

COLLEGE PATHWAY PROGRAM

COLLEGE PATHWAY PROGRAM

+The college pathway program is built and designed to help players and families connect with college coaches. Not just in Texas, but all over the United States. We have taken 20+ years of coaching experience and combined our knowledge into one program that's perfect for going to the next level. Our directors of the program have relationships with college scouts, coaches, and athletic programs and we use those connections to provide resources to players and their families.

Many players don't know the first step into getting in contact with college programs and that's where we can help. The recruitment process is different for each college and we try to start the process as soon as possible. It's never too early to recruit. We are able to help players get in front of coaches as soon as 8th grade or freshman in high school. It's never too early to recruit.

Our goal is to get players to the highest level as possible, but it also depends on what the players and families think is best for their future. We understand that the level of play at that college has to match their academic goals. Academics come first.

ALUMNI

Below is a partial list of colleges we have recently had players earn scholarships or have been recruited by the team:

- +Lamar University
- +Texas A&M Commerce
- +University of TX at Tyler
- +Oklahoma Baptist Uni.
- +John Brown University
- +Air Force
- +Southern Nazarene Uni.
- +Concordia University
- +Ouachita Baptist College
- +University of TX at Dallas
- +South East Missouri State
- +And Many More

PROGRAM HIGHLIGHTS

PLAYERS, ROSTERS & TEAMS

+ Select play includes committed players that are prepared to take on the highest level of playing intensity to reach their development heights. Our elite coaches are highly dedicated to these players and will encourage them on their journey through top league play including local, state, regional, national, and international competitions. We entrust our coaching staff with overseeing the player evaluation process and players chosen for teams in their respective age pure programs. The number of players selected will be determined by the need of the team and the league(s) they will participate in.

COACHING & TRAINING

+We are dedicated to the development of the total player. We will focus on technical, physical, and psychological skills trainings that will enable our players to compete in different soccer environments. With this type of training, we look to empower our players to reach their maximum potential. Our coaches utilize weekend games as another tool in the education process and not solely as a barometer of wins vs losses. Our staff will continually measure progress and provide regular feedback on performance. Our coaches succeed when the players have fun, increase their level of play, and develop a passion to continue to play soccer.

PROGRAMS AVAILABLE

- + Goalkeeping and Finishing programs
- + Pre-Season Camps
